AbdullSajad01@gmail.com

671543, Kasaragod, Kerala, India

## LANGUAGE

- English
- Spain (basic)

## EXPERTISE

- Management Skills
- Creativity
- Complex Problem Solver
- Full-Stack Proficiency
- Critical Thinking
- Agile Project Leadership
- Security Awareness
- Continuous Learning

## EXPERIENCE

ORGANIZATION/Kubernetes

Duration: January 2022 - Present

- Contributed to the development of the Kubernetes scheduler, which is responsible for scheduling pods onto nodes.
- Implemented a new feature that allows the scheduler to take into account the resource requirements of pods when making scheduling decisions.
- Assisted in code reviews and helped to fix a number of bugs.

PERSONAL PROJECT/Distributed Computing System

Duration: January 2022 - March 2022

- Developed a distributed computing system that uses multiple computers to solve a complex problem. Utilized the Hadoop framework and the ImageNet dataset. Achieved a speedup of 10x over a single-threaded solution. Demonstrated strong problem-solving skills by overcoming challenges such as scalability and fault tolerance. Employed version control (Git) to manage project development and collaborate effectively with team members.

## EDUCATION

Sree Narayana Guru college of engineering and technology

Bachelor of Computer science Engineering -  
2023-Present

## SKILLS SUMMARY

**Programming Languages:** Java, Python, Rust

**Web Development:** HTML, CSS, JavaScript (React)

**Back-End Technologies:** Spring, Spring Boot, Django

**Database Management:** MySQL, PostgreSQL, MongoDB(basics)

**Version Control:** Git, SVN

**Problem-Solving Skills:** Analytical thinking, Algorithm design

**Team Collaboration:** Effective communication, Agile teamwork
